↑ Improving Trends = 16

↓ Worsening Trends = 19

↔ No Change = 3

[^] These columns average rates for each of the three most recent years of data, giving equal weight to each.[#] The trend compares 1996 or the earliest to the latest year of data shown here. Data for benchmarks 19a & b, 20a & b, and 22 is comparable from 1997 on. See benchmark pages for details.

* For Benchmarks 23, 26a, 73, 74a and 74b, decennial census data allow 11-year averages only.

** Data from two or more small counties were combined. See benchmark pages for details.
